

# 2021 IMPACT REPORT

The **Friends of Oberlin Village** advocates to preserve and honor the historical, physical and strong community presence of Oberlin Village, the largest African American reconstruction-era settlement in Wake County, through education and community engagement. Founded in 2011, FOV is a volunteer based non-profit organization. We are grateful to our dedicated 100 + volunteers.

**Oberlin Village** is a thriving diverse and celebrated community whose strengths and struggles continue to inform history and influence racial reconciliation.

### September 2021 Resources for Seniors Guide

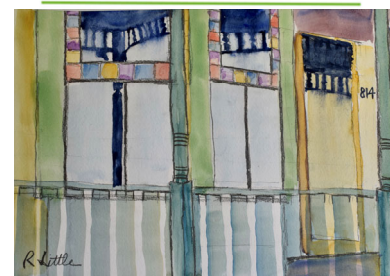

The Friends of Oberlin Village care deeply about the Oberlin esteemed elders whose strengths and struggles helped to build this thriving community. The free guide provides vetted resources for free or low cost assistance as a tool to navigate the aging process. The guide also serves as an album featuring photos of the generational family members of Oberlin. FOV funded the design, and Rosemary and Smedes York funded the printing in honor of Mable Scarver Patterson.
